## PRAYER SERIES AT FAIRFIELD ENDS SUNDAY

Zion Lutheran Church, Fairfield, was filled to capacity to hear the Rev. Robert A. MacAskill, pastor of the Gettysburg Presbyterian Church, conclude his series of sermons on prayer in the final services of the Fairfield Community's observance of Universal Week of Prayer.

Speaking on the theme, "Thy Will Be Done," Pastor MacAskill pointed out that although man attempts to deny God, "God's will and purpose is still evident. The order and the dependability of the universe point to the fact that an intelligent and loving mind is the governor, sustainer, as well as creator."

Too frequently, mankind takes God's rule for granted and this is perhaps one of "our greatest sins," said the speaker. "We fail

## ADAMS APPLES CAPTURE FIRST PRIZE AT SHOW

Adams County has won first place in the annual county fruit Farm Show at Harrisburg.

A quick check of records show the county won the top award "quite regularly" for many years, then slipped back to second and sometimes third places as other counties forged to the forefront. In one period during the 1940s Adams County won five first places in seven years. In the 1930s it won four first places in six years. Franklin County, which has been a first place winner often, won second in the statewide event judged Sunday afternoon. Lehigh County was third; Snyder county fourth and Lancaster County fifth.

Richard Trostel, Biglerville R. 1, headed the committee from the Adams County Fruit Growers Association which prepared the county display Friday at the Bendersville fire hall. ## PUBLICITY FOR PROJECT TO SAVE 'FIELD

Parade Magazine, a supplement of more than 100 Sunday newspapers throughout the nation, Sunday again urged donations to preserve the Gettysburg Battlefield and offered its readers a full color map showing the campaigns of the Civil War plus portraits of Lincoln, Davis, Grant and Lee in exchange for a \$1 donation toward preserving the battlefield.

Marshal Allen, secretary of the Gettysburg Battlefield Preservation Association, said 60 cents of every \$1 forwarded to Parade will be turned over to the local organization. The other 40 cents covers the cost of the 26 by 38-inch map made by the C. S. Hammond Company, and the portraits, suitable for framing, of the presidents of the U.S. and the Confederacy and the two top Civil War commanders.

Accompanying the offer is a two-page story by Ed Kiester headed "The Fight Is On For Gettysburg." It quotes Dr. Frederick Tilberg, historian for the National Park Service, on the area sought for preservation.

James B. Myers, National Park superintendent, is quoted on the congressional appropriations made to buy land at Gettysburg-if Gettysburg and Cumberland Twp. adopt zoning ordinances; quotes Charles Garland, secretary of the Cumberland Twp. Planning Commission, as stating the commission plans to publish a master plan with a few months; quotes County Commissioner Charles Bender as explaining that the county cannot give away county home land but must sell to the highest bidder, and quotes Allen as explaining that the Battlefield Preservation Association has been kept busy paying off installments due on the Wolf and Meals farms tracts and thus has been unable to acquire additional land.

## Observance Of Civil War Centennial Opens Sunday; Wreaths On Grant's Tomb

By THE ASSOCIATED PRESS

A nation once torn asunder by a Civil War officially opened the 100th anniversary observance of that tragic era Sunday with solemn pageantry and prayer.

One theme was dominant in the ceremonies: the nation had been able to reunite itself after the war.

Both North and South paid tribute to the commanding generals of the rival armies that battled for four long years in the country's costliest conflict until World War II.

Troops in full dress uniform stood under chilly, leaden skies in New York City while wreaths were laid in honor of the Northern commander, Gen. Ulysses S. Grant, at his tomb on the bank of the Hudson River.

The crusty old general's grandson, Maj. Gen. Ulysses S. Grant III, chairman of the National

Civil War Centennial Commission, placed the first of four wreaths in front of the tomb.

"The most wonderful part of Civil War," he said, "was that the members of the two armies were afterward able to work together to make this great nation what it is today."

Above him inscribed in granite were his grandfather's words: "Let us have peace."

The U.S. Military Academy Band played "America the Beautiful" while other wreaths were placed at the tomb in behalf of the nation, the state of New York, the city and the military Order of the Loyal Legion, an organization of descendants of Union army officers.

Gen. Robert E. Lee's efforts to heal the wounds of war were praised at ceremonies at the Confederate leader's tomb in Lexington, Va.

Francis P. Gaines, former Washington and Lee University president, said that "the dignity of Gen. Lee, his tireless energy in behalf of tomorrow, and his faith in the future of this reunited country were the greatest stabilizing elements in the pathetic post-war years."

Grant's grandson hailed Lee as "a great and knightly American soldier and citizen" in a telegram

## Two Guards Stabbed In Prison Escape Attempt At Eastern Pen

By FRANK J. AVATO  
PHILADELPHIA (AP) — Shotgun-carrying state police, advancing behind a barrage of tear gas, quickly quelled an attempted escape at the Eastern State Penitentiary Sunday night.

Two guards were stabbed with make-shift knives, neither seriously. A convict received a skull fracture, but it was not clear how he was hurt or if he was one of those trying to break out.

Fourteen convicts engineered the attempted break, state troopers said. They opened the cell doors of hundreds of others in the maximum security block, apparently in a move to create confusion. But only 18 others left their cells and they milled around in the cellblock until the troopers moved in.

The 14 surrendered meekly in a prison garage, giving up their nine hostages. One of the hostages had been wounded, but this

## HARRISBURG PASTOR ENDS PRAYER SERIES

"The world needs men who seek God's will for them through prayer rather than going ahead to correct the world's ills through their own efforts and then asking God's blessing on their efforts," the Rev. Glenn C. Zug, Church of the Brethren pastor from Harrisburg, told a large congregation Sunday evening in the St. James Lutheran Church.

He delivered the final sermon on the book of Jude in the series of services sponsored by the Gettysburg Ministerium in observance of the universal Week of Prayer. The series opened last Tuesday evening.

"Because most of our prayers are petitions, requests, demands, we miss the dynamic power of prayer through the basic attitude of seeking to be used of God," He urged the "daily discipline of prayer" in the lives of men today.

### HISTORICAL EVIDENCE

"The world needs individuals who pray and give themselves to God and ask that God use them," the Rev. Mr. Zug said. "The historical evidence of power of prayer proclaims its reality. Prayer is man's link to the source of all power, the power of God. The scripture for tonight tells us that power, authority and dominion belong to God. Prayer is our only means to redeem, to recreate and to reconcile the ills of the world."

Stressing the power of God in human life, the speaker said: "God is the artist of our world but by means of various 'isms' men try to gain salvation at their own level. The ugliest of these 'isms' is communism." He compared the heresies, doubts and limited vision of Jude's day with 20th century life.

Conducting the service Sunday evening was the Rev. C. Reynolds Simmons, pastor of the Gettysburg Church of the Brethren. The offerings during the series went to Church World Service.

Sunday evening's special music was a duet by Paul W. Grove and Mrs. Donald Cordell of the Presbyterian Church.

### RECEPTION HELD

## KE GREETED 2,500 TODAY AT CONFAB

Adam's County official representative at the White House conference is the Rev. Charles E. Held, who chaired the county committee on problems of the aging. The Rev. Mr. Held went to Washington Sunday.

### By FRANCES LEWINE

WASHINGTON (AP) — President Eisenhower urged delegates to the White House conference on aging today to develop every opinion "no matter how bitterly opposed" in an effort to provide goals for the country.

In a brief welcoming address to the conference of 2,500 delegates in Constitution Hall, the President said that is what he understands conferences are for.

He said he hoped the four-day deliberations would bring out material on problems of the aging that Congress can use in its deliberations.

### RECOGNIZES CONTROVERSY

He thus recognized a controversy that was raging even before the conference opened — how to finance medical care for the aged.

The Chief Executive, 70 and about to retire from the White House job, laughingly said that he did not want "to get too definite about this aged business."

He said he was not going to express his own views, because they already are well-known, "and besides I'm not a delegate."

"I applaud the conference," the President said, and added he felt Congress did a good thing in asking him to call it.

DE GAULLE TO PRESS AHEAD AFTER VOTE

By GODFREY ANDERSON  
PARIS (AP)—President Charles de Gaulle's Algerian program won the approval of 56.61 per cent of France's voters Sunday, short of the 65 per cent the president reportedly hoped for.

Although abstentions cut the "yes" vote below the endorsement De Gaulle sought, there was every indication the outcome in the three-day referendum as a mandate to push ahead with his program.

De Gaulle has promised more self-government at once for the North African territory and its Moslem majority and a self-determination referendum when the 6-year-old nationalist rebellion is ended.

ABSTENTIONS HIGH

When counting in Algeria was halted for the night, 67.6 per cent of the votes cast were in favor of De Gaulle's program, but abstentions — the result of a boycott urged by both diehard French colonialists and the nationalist rebels — were running as high as 40 per cent in some of the territory's 13 departments. The vote went against De Gaulle in only one department—Oran, a hotbed of colonialism and rebel nationalism as well.

De Gaulle had said he would consider an abstention as a vote against him and hinted he would resign if he did not get a solid endorsement. But Premier Michel Debre in a midnight TV appearance claimed a great victory for the government and said exultantly, "What a feeling of rallying, unity and strength the nation has shown, rising above those who work to divide."

The Constitutional Council reported this vote in France: registered voters 26,847,953, ballots cast 20,809,029, yes 15,198,714, no 4,996,507, void ballots 613,808.

The yes vote in France thus was 75.25 per cent of the ballots cast, while the abstentions were 22.5 per cent.

'PIKE RECORD BETTER IN '60

HARRISBURG (AP)—The chairman of the Pennsylvania Turnpike Commission says "an aggressive safety education and enforcement program" gave the toll road its best safety record in history.

Joseph J. Lawler reported over the weekend that the 410-mile turnpike system had 11 per cent fewer traffic last year. But accidents decreased for the best safety slate in the turnpike's 20-year history.

There were 47 fatal accidents in which 66 persons died last year. That compared with 62 accidents and 78 deaths in 1959. It was the third straight year that turnpike deaths declined.

The 1960 record stands at three deaths per 100 million miles traveled, compared with a 3.3 ratio in 1957. The national rate is 5.4, and for Pennsylvania generally it is 4.4.

The year-end statement showed that 31,739,962 turnpike travelers drove 2,163,235,364 miles.

U. S. CAPSULE BELIEVED LOST

CAPE CANAVERAL, Fla. (AP)—The capsule ejected from a payload that rocketed 1,000 miles into space apparently sank in the Atlantic Ocean.

The Air Force presumed this Sunday when a recovery ship failed to find the 90-pound package during a day-long search. The hunt was called off at nightfall. The 392-pound payload and capsule were sent aloft Saturday by a Blue Scout I rocket which performed perfectly on its maiden flight. The capsule parachuted into the ocean 1,200 miles southeast of Cape Canaveral.

A plane spotted it floating in the water and directed the ship to the area, but the vessel could not locate it.

The capsule contained instruments to measure velocity and payload temperatures during the flight. Recovery was a secondary objective. The Air Force was chiefly interested in how the Blue Scout I performed.

Technicians today continued to study data radioed back from eight experiments in the payload.

Lawrence, Kennedy Talk Unemployment

WASHINGTON (AP)—Gov. David L. Lawrence and President-elect John F. Kennedy sat down together Saturday and discussed unemployment.

WILL BEGIN HEARINGS ON NEW CABINET

By GEOFFREY GOULD  
WASHINGTON (AP)—Senate hearings on President-elect John F. Kennedy's Cabinet appointments will start Wednesday. First to come under the Senate's "advise and consent" procedure will be Douglas Dillon, Kennedy's choice for secretary of the Treasury.

It was learned Sunday night that the Senate Finance Committee, headed by Sen. Harry F. Byrd, D-Va., has set Wednesday morning for a hearing on Dillon, one of two Republicans selected by Kennedy for the Cabinet.

The appointments cannot be sent officially to the Senate until after Jan. 20 when Kennedy takes office. But to speed things up, there's no rule against holding the necessary hearings earlier.

PREDICTS SPEEDY OK  
Sen. Mike Mansfield, D-Mont., the new majority leader, over the weekend predicted speedy Senate confirmation of Kennedy's Cabinet choices. But he said he expects some of them to be quizzed at length.

Indications are that the president-elect's brother, Robert F. Kennedy, will get the closest look as attorney general-designate. It is the first time a president has named his brother to a Cabinet position. Robert Kennedy's age, 35, also has brought some mutterings from senators about his experience for the job as head of the Justice Department.

Sen. Everett M. Dirksen, R-Ill., Senate GOP leader, has promised detailed questioning of Robert Kennedy.

The Senate very rarely rejects a president's choice for a Cabinet post, but it has been done. Two leaders of a move to make it easier to halt a Senate filibuster hope to get action by the middle of the week. They are Sens. Thomas H. Kuchel, R-Calif., and Hubert H. Humphrey, D-Minn. Kuchel and Humphrey want the rule to be changed so that a filibuster can be stopped by the vote of 51 senators, a bare majority. At present it takes two-thirds of senators present and voting, and Southern senators are against any change.

## Pennsylvania's Farm Show Opens Today; 10,800 Exhibits

By HERB LINNEN  
HARRISBURG (AP) — Pennsylvania put its agricultural might on display today for thousands of persons at the opening of the 45th annual State Farm Show.

Judging began immediately in scores of livestock, poultry, home economics and vocational agricultural divisions.

Show officials predicted — with an eye on the weather — that record crowds will jam the 14-acre Farm Show Building during the five days and four nights of the exposition. The biggest attendance ever for the five days was 675,000 persons in 1955.

**10,500 EXHIBITS**  
Packed into the show building were 300 commercial exhibits and 10,500 exhibits of the top products from the Commonwealth's bustling farm industry. The commercial exhibits are showing the latest in farm equipment and labor-saving devices.

Some part of the free show touches every facet of Pennsylvania's farm life, but the emphasis of this year's exposition — as of all its predecessors — is education, promotion and information to boost Keystone State agriculture.

The show is built this year around the theme "Agindustry" — a word coined to express the whole agricultural complex from production through marketing.

### LAWRENCE STATEMENT

In a statement noting the industry's importance, Gov. Lawrence said:

"Agriculture is big business in Pennsylvania with one out of every three jobs being connected with agriculture. The Farm Show has always been the showplace of Pennsylvania agriculture and this year reflects accurately the 'Agindustry' of Pennsylvania."

The governor will formally open the exposition in the 8,000-seat main arena tonight. He led some 300 dignitaries on a preview tour Sunday night.

The governor, who fell off a stool trying to milk a cow last year, took no chances Sunday night. The stool was replaced by a chair. And for the milking process, Lawrence used an automatic machine instead of roughing it as he did a year ago.

The photo of Lawrence toppling from the stool appeared on the front pages of many newspapers last year.

A total of \$62,984 will be given this year as premiums in 9,950 categories.

### 4-H CLUB AROUND

The sentimental favorite in judging events Thursday is the annual 4-H Club baby beef championship. The grand champion will be auctioned off Friday, bringing

its young, proud owner a rich return on months of work raising the animal. A total of 128 steers are entered in the competition.

Last year's winner—a 980-pound Black Angus shown by Glen Foreman, Manheim R. 4, Lancaster County—brought a record bid of \$3.75 a pound. Foreman is not competing this year.

The show will feature 2,000 head of horses, beef and dairy cattle, swine, sheep and lambs, and about 4,000 birds.

Officials estimate the value of this year's exhibits at \$10 million.

**CONDUCT ANNUAL MEETING**  
Some 35 statewide farm organizations will conduct their annual meetings in conjunction with the exposition.

Tonight's spectator interest will focus on a state police horseman demonstration in the large arena. A folk dance festival will be held Tuesday night; a horse pulling contest Wednesday night, and the 4-H Club and Future Farmers of America tractor driving competition will be Thursday night.

Robert Reitz of Schnecksville, Lehigh County, became the first winner of a prize at the show. He was awarded grand champion honors for the third straight year in 4-H Club potato exhibits.

## Court Stays School Edict

MACON, Ga. (AP) — Federal Judge W. A. Boodle today granted a stay to delay the deadline for entrance of two Negroes as students at the University of Georgia.

Bootle granted the stay of his Friday order that the Negroes be admitted to the university today to allow the state time to appeal and give the legislature time to act.

Mrs. Constance Baker Motley of New York, attorney for the Negroes and counsel for the National Association for the Advancement of Colored People, said Boodle's order for a delay would be appealed to the 5th Court of Appeals at New Orleans.

Bootle directed Atty. Gen. Eugene Cook not to delay in appealing to the same court from the Friday decision desegregating the university.

Guarding against any delaying tactics, Boodle ordered the university to immediately post a \$5,000 bond to cover expenses of the Negroes, Charlayne Hunter, 18, and Hamilton E. Holmes, 19, in further prosecution of their suit.

## PRAYER SERIES

(Continued From Page 1)  
to give thanks and praise to God for His rule and loving kindness. The Christian must ground himself in the rule of God. He must be the chart and compass for all the direction of life."

"Such sovereignty," said Mr. MacAskill, "applies to all experiences of life and especially to the events that are at the depths of our being. The Christian's faith calls him to transform the mysteries and tragedies of life into fruitful experiences."

The speaker cited various great people of world history who, having been struck with physical or mental handicap, transformed this infirmity into effective lives of leadership, creativity and power. In concluding, the speaker said: "For us to refuse God's gifts is blasphemy, but for us to accept them is to attain the highest meaning of life. It is only as we give ourselves in complete surrender to Jesus Christ that God's will will be done on earth even as it is in heaven."

Rev. Alfred Gotwalt, pastor of the Orrianna charge of the EUB Church, led the worship and offered the evening prayer. The choir of the Mt. Hope Church of that charge sang two numbers, "Grace, Marvelous Grace" and "Nothing Between My Soul and the Saviour."

## Stevenson's Law Partner Gets Post

BOSTON (AP) — President-elect John F. Kennedy today chose Newton H. Minow, law partner of Adlai E. Stevenson, to be chairman of the Federal Communications Commission.

The selection was announced as Kennedy was spending the day at Harvard University.

Minow, 34, now is in private law practice in Chicago. He was administrative assistant to Stevenson when Stevenson was governor of Illinois.

Kennedy already has picked Stevenson to be U.S. ambassador to the United Nations.

Minow will succeed Frederick W. Ford as chairman of the FCC. Ford will remain as a member. Kennedy earlier had named W. Willard Wirtz, another Stevenson law partner, as undersecretary of labor.

PHILADELPHIA (AP) — Archbishop Constantine Bohachevsky, 76, spiritual leader of 300,000 Ukrainian Catholics in the United States, died Friday night of a heart attack.

## Two Guards

(Continued From Page 1)

"They told me they were going to shoot the guards unless I opened the door," said guard Tom McDonald. "I pointed a shotgun at them through the bars and they ran away."

The 14 went to the deputy warden's office, setting it afire, before moving to the prison garage, where they located a truck and prepared to scale the wall. They had a rope fashioned from mattress covers and a ladder from the garage.

### STATE POLICE HELPED

At this time state police—who with city police had ringed the prison with a heavily-armed cord—moved inside the 40-foot high grey walls of the 131-year-old brownstone prison located just a few blocks from Philadelphia's City Hall.

The convicts had been in control of part of the prison for almost 2 hours. Within 45 minutes the mopping up operation was over, the convicts stripped, searched and returned to their cells.

District Attorney Paul Chalfin said two notorious brothers, Anthony and Edward Scolari, both convicted in a robbery slaying, were involved in the disturbance. Tony threatened to kill one of the hostages, Chalfin said. Chalfin said he would decide what charges to press against those involved in the break after a conference with state police and prison officials later.

### SKULL FRACTURED

Richard Mayberry, the convict who received the fractured skull, was caught last week by prison authorities with a homemade gun.

One of the hostages, guard William Whittaker, said: "They had a knife at my throat. I had no doubts that they would have killed me if the occasion demanded."

The 14 convicts added meat cleavers and knives from the prison kitchen to their homemade arsenal.

### HOUSES 1,200 INMATES

The prison, known officially as the Eastern State Correctional Institution, houses about 1,200 inmates, all of them long-termers. Its gothic towers and buildings are a midtown landmark. It is located in an area of homes, stores and some factories. When Charles Dickens, the English author wrote about it in 1842, he called it a "melancholy house." Few would argue that description today.

The fire in the deputy warden's office destroyed some papers, but they were described as not valuable. City firemen put out the fire, moving in after the troopers cleared the way.

### DOGS TO HOSES

Firemen also helped guard the walls by playing giant floodlights on every nook and cranny and standing by with high-pressure hoses. German shepherd dogs owned by city police also were on duty.

Several hundred city police, state troopers and city park policemen ringed the outside of the prison. Streets for six blocks around were cleared of traffic but hundreds watched from windows in their homes.

The hostages were identified by Lt. Albert L. Henry of the state police as, besides Richter and Whittaker: Stanley L. Pointkowski, John F. Reed, Robert G. Hays, Robert A. Crawford, Terry O. Kelly and Ulysses S. Alford, all guards, and Arthur Brisco, an inmate.

### LIKE GIANT WHEEL

The prison cell blocks are like spokes of a giant wheel, with the hub being the central administration building.

Details of the disturbance were sketchy for hours. Reporters were not admitted to the prison until just before 3 a.m., more than three hours after Theodore Mitchell, deputy commissioner for operations, had announced the convicts' capitulation.

Mayor Richardson Dilworth, who entered the prison during the outbreak, came out shortly after Mitchell's announcement. Quick mobilization of police (state troopers rushed in from as far away as Lancaster and Reading) kept the disturbance from being worse, he said.

### SMELL DANGER

The Rev. William Ischle of Christ Episcopal Church provided one of the most graphic descriptions of the scene inside the prison Sunday night. A chaplain at another area prison, Reverend Ischle went to Eastern State to see if he could help in any way.

"You could smell the danger and the terror—you could feel it," he said later. "It was a frightening thing—a terrible study in mob psychology at its beastliest."

## Club Will Dine Former Governors

PHILADELPHIA (AP) — Seven former governors of Pennsylvania will attend a dinner in their honor on Jan. 17.

The 21 Jewel Square Club, a Masonic organization, is sponsoring the dinner. The club says it will be the first time so many former governors of the state have met together.

The ex-governors are George H. Earle, Arthur James, Edward Martin, John C. Bell, James H. Duff, John S. Fine and George Leizer. Earle and Leizer are Democrats, the others Republicans.

## Mark Golden Wedding Day

Saturday was the 50th wedding day of Mr. and Mrs. Charles T. Jacobs, 29 W. Middle St., and they celebrated the event with a buffet for their children and their families Sunday at the Jacobs home. Twenty-one attended.

The couple was married January 7, 1911, in St. Francis Xavier Catholic Church here. The Rev. Fr. Thomas W. Hayes, then the pastor, officiated. Mrs. Jacobs is the former Edna C. Dillman, daughter of the late Albert and Ida Dillman.

Mr. Jacobs, who is a former Gettysburg borough councilman, was employed for a number of

years at the former Gettysburg Ice and Storage Company plant. In recent years he has worked at the Jacobs Brothers' Cash Grocery, founded by his sons, Charles W. Jacobs, and the late William P. Jacobs.

The celebrating couple had their two children, Charles W. Jacobs, Gettysburg, and Mrs. Catherine Yantis, McSherrystown; their daughter-in-law, Mrs. William P. Jacobs, and their 13 grandchildren among the buffet guests Sunday.

The couple also has two great-grandchildren.

Both Mr. and Mrs. Jacobs are enjoying good health.

## Castro Gears For Invasion He Knows Is Not Expected

By ROBERT BERRELLEZ  
HAVANA (AP) — Regular army units moved into Havana's waterfront today and set up military tents near the memorial to the battleship Maine in feverish preparations to repulse what Prime Minister Fidel Castro calls "an attack from the north."

The semiofficial newspaper Revolution in banner headlines said a "Yankee aircraft carrier" had arrived at Guantanamo Bay, the big U.S. naval base in eastern Cuba.

The newspaper apparently referred to the 45,000-ton supercarrier Franklin D. Roosevelt leading a flotilla of 150 Atlantic Fleet warships on annual maneuvers in the Caribbean opening today.

A Navy spokesman in Puerto Rico said the warships will go in and out of the U.S. base at Guantanamo Bay, the last U.S. foothold in Cuba, "in the normal run of things."

The U.S. Atlantic Fleet's Caribbean maneuvers, which will continue until the end of March, added to the invasion jitters. About 140,000 officers and men will take part. In the fleet, in addition to the \$90-million carrier, are three guided-missile cruisers and two nuclear submarines.

The Navy stressed that the maneuvers were planned long ago

## COURT ORDERS FINGERPRINTS OF THREE SPIES

By HAL COOPER

LONDON (AP) — Scotland Yard obtained a court order today to take the fingerprints of three mysterious persons — believed to be Canadians — accused of stealing top research secrets of the British navy for a foreign power.

The three were bookseller Peter Kroger, 50; his wife, Helen, 50; and Gordon A. Lonsdale, 37, who described himself as a company director.

The court order was obtained at a hearing at which the three appeared with two codefendants, Henry F. Houghton, 55, and Ethel Gee, 46, both civilian employees of the top secret naval research station on the English Channel coast.

### REFUSE PRINT TAKING

Detective Supt. George Smith of Scotland Yard told the magistrate the Krogers and Lonsdale had refused to let the police take their fingerprints and there is a "question of their nationality."

Smith did not disclose the foreign country for which the group was believed to be spying nor did he give any details of the stolen secrets.

Smith testified he arrested Houghton, Miss Gee and Lonsdale Saturday after seeing the woman pass Lonsdale a basket containing two parcels. Smith did not disclose what the parcels contained.

Later in the day Smith arrested the Krogers at their home.

The naval station where Houghton and Miss Gee worked is near Portland Bill. There have been rumors that the United States may ask British permission to establish a Polaris missile submarine station there.

In his announcement Saturday, Greenfield said of the proposed revision:

"Library services absolutely needed to the education standards required today will be within one hour's travel time for every person and every family of the Commonwealth."

## Observance

(Continued From Page 1)

The Civil War actually started April 12, 1861, when Confederate troops shelled Fort Sumter in the harbor of Charleston, S.C.

### CHOICES JANUARY 8

But President Eisenhower chose the so-called "Star of the West" incident to kick off the celebration. The "Star of the West" was a Union supply ship en route to Fort Sumter when rebel forces in the harbor fired on it, on Jan. 8, 1861, forcing it to turn around and head home.

Cadets of The Citadel re-enact the firing in Charleston today, using five 24-pound cannons similar to those used a century ago. The USS Orleans Parish, a Navy minicraft support ship, has been fitted out with masts, sails and paddlewheels for the re-enactment.

Members of the First Maryland Artillery, wearing Confederate uniforms, staged the same incident Sunday when they fired 17 rounds from a reproduction Civil War cannon at Annapolis, Md., docks. Earlier, a memorial service was held in the U.S. Naval Academy chapel.

**Out Of The Past**  
From the Files of the Star and Sentinel and The Gettysburg Times  
ONE HUNDRED YEARS AGO  
Public Lectures: Hon. Dan'l M. Smyser delivered a Lecture in the German Reformed Church (for the benefit of that Church) on Tuesday evening last, on "The Cardinal Duties of the American Citizen in the Present Crisis." The Lecture was carefully prepared and highly interesting.  
Dr. L. H. Steiner, of Baltimore, will deliver the second Lecture of the series, at the same place, on Saturday Evening next, Jan. 19th (a change of evening asked by himself) on "The Beginnings of History and Science." Dr. S. is one of the leading Lecturers of the country, and his appearance among us should insure a full house.

**Public Meeting:** A meeting of those, without regard to party, favorable to a peaceful adjustment of the country's difficulties, will be held at J. E. Smith's, at Mount Rock, in Mount Pleasant township, on Saturday afternoon, Jan. 26. In this hour of the nation's peril, it becomes the people to speak. A large attendance is expected.

**New Company:** The "Union Rifle" is the name of a new military company forming at Mount Rock, by gentlemen of Mount Pleasant, Oxford and Conowingo townships. They will be regularly organized by the Brigade Inspector in about two weeks. The uniform they have adopted—blue—is very neat and attractive. The company is composed of good material, and will be a credit to the country.

**Ladies Fair:** By an announcement in another column, it will be seen that the Ladies connected with St. James (Lutheran) church in this place, propose holding a Fair during Court Week, in the Blues Hall—the Gas into the Church. Active preparations are going on for the occasion, and the Fair promises to be one of the best ever gotten up in Gettysburg. It is hoped that our citizens generally, of all denominations, will be liberal and encourage this commendable undertaking.

**SEVENTY-FIVE YEARS AGO**  
Driving Accident: Last Friday evening as Mr. Henry Noel and Mr. Jno. Bittinger, of Berwick township, were driving side by side at a lively rate of speed along the Carlisle pike, they ran into the buggy of a Mr. Thomas, who was coming in the opposite direction. It being dark the parties did not notice one another until quite close, when Mr. Thomas made an effort to get out of the way, but his horse was struck by Mr. Noel's horse and knocked to the ground breaking off the shafts and one wheel. Mr. Bittinger's buggy struck the other side of Thomas' vehicle and also smashed a wheel, turning his own buggy several times over, and breaking the shafts. Strange to say neither of the persons or horses were seriously hurt.

**President Garfield's Tomb:** President Garfield's tomb in Cleveland, Ohio, will not be guarded after June 1, when the officer in charge and the men will be ordered back to their regiment. This will leave the tomb unprotected for some months, as the monument now in course of erection will not be completed by that time.

**Gen. Sheridan's Plan:** Gen. Sheridan's plan for settling each Indian family on 321 acres of land and selling the remainder of their reservations, the proceeds to be used for the Indians' support, seems to voice the general idea on the subject. The details and directions to be effective, must be thorough and positive. The people of the country want this long troublesome Indian question settled, and are willing that the Indian shall be largely favored in the settlement; but they mean that he shall behave himself; and, after being thus liberally provided for, he still

**Today's Talk**  
SERENITY OF SOUL  
A retired Oklahoma business man, who is a reader of these brief Talks, sent me one of the most inspiring comments on the subject of retirement that I have received in a long time. It was this: "We must rest a while and let our souls catch up."  
Yes, "retirement" should be like this. The hectic pace of modern day living calls for the pause that refreshes, and which gives one time for contemplation. The thought is one we can commit to memory, and pass on to many as a retirement gem of practical worth.  
I have personally never liked the idea of retiring. We need all the time there is to round out our life and give it a balance. People who retire to "nothing in particular" also soon lose their interest and hold on life itself. Activity is the key to all achievement. When one stops functioning, as a worker, one tends to become idle and mental and bodily rust is apt to enter and shorten life itself. Use is what keeps both a man and machine in workable condition.  
If one can adapt oneself to a new way of life, however, with plenty to keep one stimulated and interested, then perhaps retirement is a good idea. There can be a finality to life that each one of us can well welcome if we have played the game fairly. Then it is that life takes on futurism and is given an understanding that only the wise and prophetic can assure.  
Many a man or woman has retired that he, or she, might do the things each has always wanted to do, but which each was prevented from doing by a steady job. With retirement a certain burst of new youth is often the result, especially if a hobby calls loudly enough.  
Retire to LIVE!  
Tomorrow Mr. Adams will talk on the subject: "The End Of The Day"

**Just Folks**  
BRIDGE PLAYER'S PLEA  
Stranger at my back, I pray  
Do not tell me how to play;  
Do not nudge me as I lead,  
Moments undisturbed I need,  
Watch me if you must and will,  
But I beg of you be still.  
Friend or foe behind my chair,  
Mine must be the loss to bear;  
Mine the gain if gain there be,  
And although three hands you see,  
I prefer my chance to run  
Unadvised by anyone.

Sit you down and watch the game.  
But that impulse to exclaim  
Where and how a trick I missed,  
Please, I beg of you, resist!  
If the four hands I could view  
I could be as wise as you.

**FRIARS HONOR GARY COOPER**  
HOLLYWOOD (AP) — Gary Cooper, the fearless hero whose slightest glance terrorizes movie badmen, wept Sunday night as Hollywood honored his 35 years of stardom.  
The Friars' Club, raising \$100,000 for charity, gave a \$100 a plate testimonial dinner for the tall-in-the-saddle actor.  
On the dais were the usual array of comics, plus such signifi-caries as poet Carl Sandburg, motor tycoon Henry Ford II, California Gov. Edmund (Pat) Brown and movie pioneers Jack L. Warner and Sam Goldwyn.  
It was an evening of reverence—and good-humored irreverence. Glowing tribute came from such as Audrey Hepburn, Greer Garson, Sandburg, Ford and Gov. Brown.  
The ribbing—a tradition at Friars' dinners—came mostly from Warner, Milton Berle and Jack Benny.  
Said Warner: "I've always had great faith in Coop. What the heck else can you have in a guy who gets \$20,000 a week from you?"  
It was a great evening, and Cooper, 59, sniffing and occasionally wiping off a tear, stole the show with a speech of characteristic brevity.  
"Am I the luckiest guy alive tonight? Yep."

"A SPARK OF HOPE"  
A spark of hope is burning bright... within my secret heart... kindling the faith I need... to make a solid start... it guides me over rocky roads... and through the darkest night... always warm and tender... is its brilliant light... no wind or rain or heartache's pain... can ever dim its glow... a spark of hope outshines the stars... yes, this is really so... prayer gives it strength to flicker... when all else seems to fail... through it I gain the strength I need... when there are walls to scale... so it is I'm thankful... and I'll always be... for there is a spark of hope... within the heart of me.

The annual preaching mission in the community opened Sunday evening under the sponsorship of the Littlestown Ministerium. A large congregation was in attendance. The Rev. Dr. W. Lynn Crowding, pastor of the Shippensburg Methodist Church and a former district superintendent of the Methodist Church, is the speaker for the mission to continue each evening through Friday at 7:30 p.m. in St. Paul's Lutheran Church. He noted that Christ told the Pharisees when they were looking for signs and wonders that they should be more concerned with the word of God and doing something about His word, and that Christians of today should take an example from that exhortation and not be concerned with specific signs; but rather in looking to the word of God.  
The Rev. Lawrence H. Roller, pastor of the host church, presided at the service and was in charge of the combined liturgy, which included responsive reading of a psalm; the Gloria Patri; the lesson; the Doxology, and he pronounced the New Testament benediction. ## Bullets Edge Lehigh 50-48; Dickinson To Play Here On Tuesday

Gettysburg College's basketball team overcame an 11-point deficit and went on to edge Lehigh 50-48 in a low scoring affair in Bethlehem, Saturday night. The win marked the seventh in nine starts for Bob Hulton's cagers and third against one setback in Middle Atlantic competition. Lehigh is 0-8 on the season and 0-4 in conference play.

The game was an exciting contest to watch, but the Bullets were far off their mark. Gettysburg landed a total of 18 for 50 shots from the field and netted only 14 of 23 foul tosses. The Orange and Blue, which had been averaging 72 points a game, managed to collect only 50. Lehigh had an equally bad night as it registered 20 of 79 field shots, but had a perfect eight for eight from the foul line. The Bullets turned in one outstanding fete in that they had only six personal fouls called against them.

Lehigh jumped to a 5-0 lead on goals by Bob Hupp and Jay Anglada and Norm Brandl's free throw. Bob Parker scored for the Bullets at 2-20 on a corner jump. Lehigh moved to a 16-5 lead at 11:45. Gettysburg then closed the gap on a pair of goals by Ron Warner and a lay-up by Bill Fitzkee and Bruce Simpson's foul toss. Lehigh held a 22-19 advantage at intermission.

After Ken Weaver scored a foul for the Engineers to open the second half, the Bullets caught fire and registered nine straight points to go ahead 28-23 at 3:58.

**TIGHT FINISH**  
The Bullets were never behind from that point, but ran into plenty of trouble right down to the wire. With 20 seconds remaining in the game Hupp went in for a lay-up to make it 49-48, but Simpson came back with nine seconds remaining and converted one of two fouls.

Ron Warner was the game's high scorer with 19 tallies while Bob Parker collected 14. Norm Brandl, runner-up to Warner in last year's MAC scoring race, netted 16. Warner also walked off with 11 rebounds while Bill Fitzkee collected 12.

**FROSH TRIUMPH**  
John Carpenter's Bullet yearlings had to put up a tough battle right to the finish before they captured a 67-65 win in the preliminary contest. The win was the fifth for the frosh against two setbacks.

Dick Hoffman was the standout in the yearlings' win. The Short Hills, N. J., native scored three points in the first half and came back to rack up 20 in the second 20 minutes for 23 counters. Don Szedga registered 14 while Don Lochman collected 12. Bill Meyer was high for Lehigh with 17.

Both Bullet teams will put their records on the line here Tuesday night. The varsity will entertain the Red Devils of Dickinson (4-2) with the freshmen squads tangling in the 6:45 p.m. preliminary.

## SCHOOLBOY ROWE EXPIRES

EL DORADO, Ark. (AP) — Schoolboy Rowe, the big, tough major league pitcher great of the 1930s, died Sunday night at his home here after suffering a heart attack.

Baseball records listed his age as 48, but his family said "Schoolie," as the players used to call him, was really 51.

Rowe, whose real name was Lynwood Thomas, was a scout for the Detroit Tigers. His major league career included nine seasons with Detroit, five with the Philadelphia Phillies, and one with Brooklyn.

He previously had served as a coach on the Tigers' staff and managed in the Detroit farm system.

Rowe's 15 seasons in the majors saw him in one All-Star game (1936) and three World Series.

His lifetime record in the big leagues was 158 victories, 101 defeats. His greatest year was 1934, when as a Tiger he won 24 games and lost 8. He was a 19-game winner in each of the next two seasons.

He is tied for the American League record for most consecutive games won in one season—16. They came in 1934.

## PETTIT HURT; HAWKS EASILY WHIP CELTICS

By THE ASSOCIATED PRESS  
The Hawks won the ball game, the Celtics drew the blood, the fans sat on their hands and Auerbach kept face with all.

That's the story of Sunday's nationally televised National Basketball Association game between the St. Louis Hawks, Western Division leaders, and the Boston Celtics, Eastern Division rulers.

The Hawks came out on top by a whopping 133-104 margin. The defeat was one of the worst ever suffered by the Celtics.

**PETTIT WALLOPED**  
With 2:37 left in the first half, someone—still unidentified—walloped Hawk ace Bob Pettit. He suffered a 1½-inch gash alongside his left eye and had to retire for repairs.

The last time the Celtics showed up in St. Louis, the spectators came equipped with plenty of eggs. This time they confined themselves to cheering the locals on.

Boston Coach Red Auerbach had only one technical foul call against him.

**OTHER GAMES**  
In the other two league games Sunday, the Syracuse Nationals turned back the Detroit Pistons, 138-115, and the New York Knicks nipped the Philadelphia Warriors, 121-119.

The Nats broke a 60-all halftime deadlock and exploded in the third period with Dolph Schayes leading the drive.

The Knicks' victory was their third in a row. The Knicks rushed into the lead over the Warriors in the third period. At one stage, they scored 18 points while holding Philadelphia to 2.

General Manager Bert Rose of the Vikings returned from the West Coast Sunday night with these observations:

Van Brocklin, the retired Philadelphia Eagle quarterback, is interested in a coaching job and wants to know more about "what conditions would prevail" if he were offered and accepted the Viking post.

**5 STILL CONSIDERED**  
Nobody has been offered the Viking job and five men still are under consideration.

The talk Rose had with Van Brocklin in California and also his chat with Sid Gillman, the Los Angeles Charger coach, were "exploratory."

More meetings are scheduled with Viking coaching prospects, and the club expects to name its man within two weeks.

It was understood Van Brocklin, Gillman and Bud Grant of the Winnipeg Blue Bombers are among the five still under consideration. Also mentioned at various times have been Ara Parseghian of Northwestern, Harry Gilmer of the Steelers' staff and Charley Winner of the Colts' staff.

Rose divided his time in the West between sounding out coaching prospects and negotiating with draft choices. The club has signed several players, reportedly including at least one big name. It may make an announcement on this within a few days.

Over the weekend the Vikings announced the signing of tackle Dave Swenson of Luther College at Decorah, Iowa, for a reported \$7,000, and Mike Mercer of Arizona State College.

**HARNEY TAKES 1 STROKE LEAD**  
By BOB MYERS  
Associated Press Sports Writer

LOS ANGELES (AP) — The \$45,000 Los Angeles Open golf tournament reached the show-down stage today with Paul Harney leading the procession.

Harney was the first to admit that his lead was a risky one — just one stroke in front as the final 18 holes got under way.

The immediate target was the \$7,500 first money for the winner. "Sure, I wish I had a few more strokes' leeway," said the 31-year-old professional from Worcester, Mass.

**PAR 71 SUNDAY**  
Harney took over the lead Saturday with his second straight 68 for 136, and clung tenaciously to the lead with a par 71 Sunday.

Harney's nearest challengers were Leonel Hebert, a former National PGA champion and brother of the 1960 PGA champion, Jay; Bob Rosburg, no stranger to the tournament trials, and Bob Goolby, who closed out the 1960 season with a win in the Coral Gables, Fla., Open.

**OTHER CONTENDERS**  
Two strokes behind the leader were ex-U.S. Open champion Billy Casper Jr., and two relative dark-horses, Bob Gajda, a club pro from Bloomfield Hills, Mich., and 25-year-old Tommy Jacobs, pro for the Bermuda Dunes Country Club in the Palm Springs area.

Crammed in brackets within five strokes of Harney were other dangerous threats. Included were Art Wall Jr., Ken Venturi and Ted Kroll, in the 211 group. Gary Player, Eric Monti, Jim Ferree and Tom Aaron were grouped at 210, and Eric Brown of England, Dutch Harrison and others at 212.

## DITKA STARS IN BOWL VICTORY

HONOLULU (AP) — They voted Mike Ditka as the outstanding lineman in the East's 147 Hula Bowl victory over the West Sunday, but East Coach Joe Kuharich of Notre Dame rates the Pittsburgh all-America end much higher than that.

"Ditka proved that he is one of the great pro prospects of the current college seniors," Kuharich exclaimed after the upset before a crowd of 17,017.

"He can go either way. His punting was terrific and his defensive play was outstanding. I had to use him both ways when Mickey (Mangham of Louisiana State) was hurt early in the game."

Ditka caught an 11-yard touchdown pass from Georgia's Francis Tarkenton in the fourth quarter to provide the East's margin of victory. The West had led 7-6 going into the last period.

**TROPHY GIVEN ARENDTSTVILLE BY SP LEAGUE**

A trophy, emblematic of winning the regular season South Penn Baseball League title, was presented to Jim Spence, manager of Arendtville, at a meeting of the league Sunday afternoon at the American Legion Home.

Playoff trophies will be presented later to Arendtville and Cashtown. The teams were deadlocked at one game each in the playoff series which was called off when inclement weather resulted in several postponements.

Robert Krichten, Brushtown, league president, presided at the meeting. Representatives were present from Arendtville, Brushtown, Cashtown, Greentown, Harney and Mummaburg. Only Bonaeauville and Hunterstown were without representation. Forfeited money for 1960 was returned.

A reorganizational meeting for 1961 was scheduled for February 5 at the Legion home.

**Black Hawks Win Seventh In Row**

By THE ASSOCIATED PRESS  
The rampaging Chicago Black Hawks, winners of seven games in a row, today were just nine points out of first place in the National Hockey League and looking straight up.

The Hawks whipped Toronto Maple Leafs 5-1 Sunday night for No. 7 behind the brilliant work of goalie Glenn (Shutout) Hall. The triumph left the Hawks only two points back of the second place Leafs.

Hall, who already has blanketed the opposition a half-dozen times this season, had another whitewashing in the works until Ed Shack scored for the Leafs with just one minute to play.

In other games, the New York Rangers stopped the league-leading Montreal Canadiens, 4-2, and the Detroit Red Wings snapped to life with a 5-3 decision over the Boston Bruins.

**ST. FRANCIS TAKES SIXTH**

After being held on even terms in the first period, the St. Francis Xavier School dribblers pulled away in the second period and went on to a 29-20 victory over the Annunciation cagers at McSherrystown Sunday. It was the sixth straight victory for the unbeaten Red Raiders.

After leading 15-10 at half time, St. Francis boosted its lead to 23-13 midway in the third period and was in danger thereafter.

Ron Redding led the Raiders with 10 points and Phil Johnson added nine while playing a fine board game. John Keller and Charles Keller also turned in good rebounding games.

In the preliminary game Annunciation gained a 22-12 decision. Joe McKim led the winners with eight points while Phil Wisotzky landed seven for the losers.

St. Francis is now 2-0 in league play while Annunciation is 1-1. On Friday the Red Raiders met St. Rose of Lima (3-1) at York and on Sunday entertain St. Andrew's of Waynesboro here in a league game.

**DEPAUL BEATS DAYTON**  
Unranked DePaul, well-balanced with an attack led by 5-foot-9 Howie Carl, got past a tough road game with Dayton, 75-64, as all five starters hit double figures and Carl cashed 24. Fourth-ranked Louisville, with husky John Turner scoring 31 points, blitzed Marquette at Milwaukee, 84-63, and Vanderbilt handed Tennessee its first home court defeat of the season, 68-66.

All-America Jerry Lucas had 35 points in Ohio State's romp over Illinois, and second-ranked Bradley kept rolling at the top of the Missouri Valley Conference, defeating Tulsa 76-66 as 6-foot-6 Chet Walker scored 46 points.

Third-ranked St. Bonaventure (11-1) got 32 points from soph star Fred Crawford and 23 from Tom Smith in a 89-78 victory over Duquesne; sixth-ranked North Carolina (8-2) went on a 9-1 burst in the last three minutes and beat Notre Dame 73-71 on Jim Hudock's basket at the buzzer; seventh-ranked Iowa (9-1) toyed with Minnesota 71-46; Duke, No. 8, was triggered by sophomore Art Heyman's 27 points and 16 rebounds in an 81-67 rout of North Carolina State for its 11th in 12 games; and ninth-ranked UCLA avenged Friday's loss to Washington with a 62-58 decision over the Huskies.

Harvard University scientists have developed a clock reported to have an accuracy of one part in a quadrillion. This means, theoretically, that it could measure time with an error of only one second in 33 million years.

## SENIOR BOWL SEES SEVERAL RECORDS FALL

By HOYT HARWELL  
MOBILE, Ala. (AP) — A flock of records fell in Saturday's 12th annual Senior Bowl football game, but the frenzied windup in which the South won 33-26 is what the fans will be talking about for awhile.

Here's what happened:  
The South was leading 26-20 when Dick Norman of Stanford hit Fred Arbanas of Michigan State on a 29-yard pass play to give the North the ball at the South 29. On the next play, with three minutes left in the game, Norman tossed to Don Smith of Missouri at the 15 and the half-back made it the rest of the way on a sparkling run to tie the score at 26-26.

**BLOCKED POINT**  
Bobby Lauder of Auburn broke through the line and blocked the extra point by Stanford's Skip Face.

The South took the following kickoff but couldn't get moving. Bobby Walden of Georgia then left the North without maneuvering room when his 64-yard punt rolled dead inside the Yankee one.

Three line plays brought it only to the six and Face punted to the North 42 with 19 seconds left.

On the next play quarterback Norman Sneed of Wake Forest handed off to Ed Dyas of Auburn, then took a lateral from Dyas and lofted a long pass into the end zone.

**DAZZLING CATCH**  
Georgia's Fred Brown made a dazzling catch although apparently well covered. The clock showed seven seconds left and the South led 32-26. Dyas, holder of the NCAA season's conversion record of 13, then kicked his third extra point of the day.

Brown, the South leading rusher with 44 yards in 12 carries, scored his team's first and last touchdowns. He had circled right end in the first quarter for 10 yards and a score.

## AP COLUMNIST ACCUMULATES MAIL ODDITIES

By HAL BOYLE

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

If your wife is looking for a good lazy way to clean out an old clothes closet, tell her just to toss 450 moths in it and shut the door. . . . Theoretically the offspring of the moths in a year can eat fabrics equal in weight to a diesel locomotive.

No wonder it's so hard for many of us to see our way clear. . . . Some 90 million Americans have the vision problem called astigmatism.

### GOOD OLD DAYS

The good old days: In 1834 Delmonico's, later a world-renowned restaurant, printed the first known bill of fare in this country. . . . Sample items: Cup of coffee, one cent; soup, two cents; beef stew, four cents; ham and eggs or roast chicken, a dime—and a full meal 12 cents!

Signs of our times: Seen on the back of a truck: "I'm driving carefully because I'm a coward."

Even if you're a film fan, it's an odds-on bet you can't name the first all-talking movie. . . . It was "Lights of New York," made in 1928.

### LOTS OF CHURCH FIRES

Our quotable notables: "One should be either sad or joyful," said playwright Eugene O'Neill. Contentment is a warm stay for eaters and sleepers."

Geography lesson: There is a village in Scotland called "Peace and Plenty."

Most fires start in homes, but in 1959 fire damaged or destroyed 3,000 churches. . . . Fires break out in eight to ten U.S. churches every day.

### FIRST SNORKELS

Alexander Graham Bell might be pleased to know that a researcher here found most New Yorkers hear better with their left than their right ears. . . . The possible reason: They spend so much time with their left ear glued to a telephone it develops more acuity.

Mother Nature, not man, invented the first submarine snorkel. . . . For untold ages elephants have been able to walk across the bottoms of rivers by thrusting their trunks to the surface and using them as breathing tubes.

Flying theaters: Some airlines are planning to entertain passengers by showing free first-run movies during jet flights. . . . As usual, we suppose, the profit will come from the popcorn.

Wiscrack of the week: Comic Jack Wakefield defines a bikini as —the little bit that isn't bare!

## EASTERN PEN ONE OF U. S.'S OLDEST JAILS

PHILADELPHIA (AP)—Eastern State Penitentiary, scene of Sunday night's disturbance by inmates, is one of the oldest jails in continuous use in the nation.

Its 40-foot high, grey brown-stone walls, its impressive entrance styled in Gothic architecture, make it one of midtown Philadelphia's landmarks.

Now it stands surrounded by homes, stores and a few factories. When construction started May 22, 1823, the 10-acre site was two miles from what was then the center of Philadelphia.

### OCTAGON-SHAPED

The prison is built around an octagon-shaped central building. Three single-story and four two-story cell blocks radiate from the central building, like spokes in a giant wheel. Standing at the hub you can look down the spokes for a clear view of all cell blocks.

There have been many escapes, attempted escapes and disturbances at the prison. One of the most spectacular was April 3, 1945, when Willie Sutton—the bank robber—and 11 other long-term inmates crawled like moles through a 99-foot tunnel. All but three were quickly recaptured. The three were found within six weeks. Sutton was one of the first captured.

### MOST POPULAR METHODS

Tunneling and wall-sealing have been the most popular methods of attempting to escape. However, once a convict laboriously knitted an 18-foot rope out of shoe laces stolen from other prisoners, he was detected before he had a chance to use it. Convicts also study in blue and scarlet stripes. . . . It has been found that blue-painted walls quiet violent mental patients, and red walls cheer up severe cases of depression.

Jittery monarch: King Henry II was so nervous he couldn't sit at a table. . . . and always ate his meals standing up. Speaking of food, did you know that some desert people in Africa and Asia still roast and grind locusts and mix them with flour to make bread?

It was Gen. Fowler who observed in winter, "Each snowflake is the soul of one who died without love, or with a song unsung."

## PLANE KILLS 3 IN PITTSBURGH CRASH SUNDAY

PITTSBURGH (AP) — Three men, flying to Pittsburgh for a reunion with two buddies, were killed Sunday in a plane crash in nearby Monroeville.

The victims were Robert Kullberg, about 30, of Jackson, Mich.; William L. Smith, 31, of Shelby, Mont., and Duane L. Rowe, 22, of Conrad, Mont.

The trio's single-engine Cessna 180 crashed into a hillside early Sunday morning during a severe snow squall. The four-seat plane was only minutes away from the Greater Pittsburgh Airport when it crashed.

### SERVED IN SEABEES

The three men were enroute from Chicago to Pittsburgh to visit with Bill and Louis Leeds, twin brothers from suburban Crafton.

Kullberg, Smith and the Leeds brothers served together in the Seabees in Newfoundland and North Africa during the Korean War.

Bill Leeds said he received a telephone call from Smith early Sunday morning and quoted him as saying:

"I've got a buddy of yours here."

### LEARNED OF CRASH

Kullberg then got on the phone and told Leeds that he, Smith and Rowe were flying to Pittsburgh. Leeds waited several hours and then called the Greater Pittsburgh Airport to find out what time the plane was due. Then he and his brother drove to the airport. It was there they learned about the crash.

"You can't imagine what it's like, waiting and waiting for your friends and then finding out that this has happened," Louis Leeds said.

### PLANE WAS DEMOLISHED

The plane's wreckage was found in a snow-covered wooded area. The craft was demolished. Its engine was jammed back into the fuselage. One wing was found near the fuselage, the other in a hollow about a mile away.

It took authorities several hours to get the bodies out of the rubble. H. W. Brown, operator of the Wilkesburg-Pittsburgh Airport in Monroeville, theorized that Kullberg, the pilot, may have become lost during the snow storm and cut his altitude to get his bearings.

LEOPOLDVILLE (AP) — The pro-Lumumba rebels in Stanleyville today were reported moving troops into Katanga, the rich Congo province ruled independently by secessionist Premier Moïse Tshombé.

Sketchy U.N. reports reaching Leopoldville told of Lumumbist troops arriving near the north Katanga town of Manono, about 150 miles from the frontier of Oriental Province, seat of the breakaway regime that is demanding the return to power of ousted Premier Patrice Lumumba.

The strength of the troops was not immediately known.

RANGOON, Burma (AP)—Communist Chinese Premier Chou En-lai ended a weeklong goodwill visit today amid reports his regime has granted neutralist Burma an \$80 million loan.

Informed sources said the Chinese loaned the money on a long-term, low-interest basis for development of a cotton spinning factory, a paper mill and other industrial projects.

MANILA (AP) — Nine persons were reported killed and 29 missing today following a fire aboard an overloaded motorboat off southern Luzon.

BARCELONA, Spain (AP) — The Barcelona-Valencia Express crashed into a local freight today and at least 10 passengers were reported killed.

have tried to shoot their way out, swim out through underground sewers and ride out buried under a load of cinders.

Charles Dickens, the English author, visited the prison in 1842. He described it in a book as a "melancholy house." Few would contest that description today.
